

Emotionally Disturbed Children & Adolescents

MARCH 2016

Cardinal McCloskey Community Services

For continued support of in-house trauma-focused treatment for foster children and families (\$150,000 over two years).

Wissahickon Charter School

For mental health support of K-8 low-income students (\$100,000 over two years).

JUNE 2016

Association to Benefit Children

For support of Fast Break Children's Mobile Mental Health Clinic serving at-risk children, many of whom live in East Harlem (\$150,000 over two years).

Astor/The Children's Foundation

For support of a tele-psychiatry program in Bronx schools (\$150,000 over two years).

The Jewish Board

For a Licensed Clinical Social Worker to serve as an Alumni Transition Coordinator helping young men leaving foster care to develop vocational skills and to engage businesses to offer sustainable jobs for these youth (\$100,000 over two years).

New York Center for Child Development

To support a bilingual counselor using Child-Parent Psychotherapy in the Babies First Program, which seeks to re-unite court-involved parents with their young children (\$50,000).

Safe Space

For a Master of Social Work counselor at the Far Rockaway Community Youth Center to help young people cope with violence, poverty, and homophobia (\$100,000 over two years).

Emotionally Disturbed Children & Adolescents

NOVEMBER 2016

Education Plus Health

Support for universal screening of fourth graders at fourteen charter schools in Philadelphia, along with integrated services through school-based partnerships and a clinician on staff (\$75,000 over two years).

ENACT, Inc.

Support for a Programs Supervisor to work with programming and administrative staff and provide on-site support for teaching artists, and oversight of field work (\$112,000 over two years).

St. Dominic's Home

For support of senior mental health staff leading the Mental Health Treatment Program, which assists the highest need foster youth in the Bronx (\$150,000 over two years).

APRIL 2017

The Child Center of NY

Support for The Child Center of NY's Health Homes Project, a two-year initiative to create an integrated, coordinated system of care to better serve the complex needs of children and youth with chronic, severe, and/or co-morbid physical and behavioral health conditions (\$100,000 over two years).

John W. Lavelle Preparatory Charter School

To expand and strengthen preventive, early-intervention mental health practices through continued implementation of Dialectical Behavior Therapy training and skills development for students, teachers and support staff in grades 7, 8 and 10 (\$100,000 over two years).

Leake & Watts Services

Support for a recently opened, Article 31 mental health clinic, greater intake/care coordination to ensure holistic, efficient treatment of at-risk youth and mental health care for community members in need (\$100,000 over two years).

Valley Youth House Committee

Support to expand therapeutic services for LGBTQ and other homeless and foster care youth served by Philadelphia-area scattered-site housing programs (\$100,000 over two years).

Wediko Children's Services

For support of trauma-informed mental health supports at a public high school for high-risk students in the Bronx (\$100,000 over two years).

Emotionally Disturbed Children & Adolescents

NOVEMBER 2017

Big Picture Philadelphia

To support emotional and behavioral support services at the recently launched Vaux Big Picture High School in the Sharswood section of Philadelphia (\$100,000 over two years).

Child Guidance Resource Centers

To sustain mental health services to 1,500 children and families facing poverty and other trauma in Coatesville as well as other low-income communities of Chester County, Pennsylvania (\$150,000 over two years).

Day One New York

Support for a Senior Staff Social Worker to provide bi-lingual therapy and support groups to youth survivors of “intimate partner violence” (\$70,000 over two years).

The Door

To support enhanced care coordination services and intensive case management for the most at-risk youth in New York City (\$150,000 over two years).

Forestdale

To hire an additional trauma-informed therapist and fully implement evidence-based mental health supports for families in Queens involved with the foster care and adoption systems (\$50,000).
